

## APPLE VALLEY RECYCLING CENTER

A state-of-the-art single stream recycling center which is permitted to accept materials 24 hours a day and process 10 tons of recycling material per hour. We are centrally located to handle recycling material from Maryland, West Virginia and Pennsylvania.

Our facility is equipped with an education center for tour groups, or individuals, to get a full understanding of how a Single Stream Recycling Center operates. The center also educates visitors on the importance of recycling and saving our natural resources. **Single Stream Recycling is the most convenient way to recycle with ease.** All you do is put any and all allowable material into one bin and we do the rest.

### ACCEPTABLE ITEMS

**Magazines and Phone Books**  
(catalogs and soft cover books)

**Newspaper**  
(inserts and brochures)

**File Folders and Office Paper**  
(all colors)

**Mail and Greeting Cards**  
(junk mail and envelopes)

**Corrugated Cardboard**  
(boxes, paper bags and beverage holders)

**Paperboard Boxes**  
(cereal, pasta and tissue)

**Paper Cartons**  
(milk, juice and egg)

**Plastic Containers**  
(#1 through #7)

**Metal Cans**  
(aluminum, tin and foil)

### NOT ACCEPTED

Glass bottles, plastic bags, window glass, mirrors, light bulbs, dishes, pyrex, ceramics, paper towels, facial tissue, styrofoam, PVC, recyclables containing food waste, paints, oils, hazardous material, needles, syringes, VCR tapes, CDs/DVDs, scrap metal, pots or pans.

Recyclables should be emptied and rinsed and all cardboard boxes should be flattened and broken down.

**Would you like more information about the new Apple Valley Recycling Center?**

Contact us toll free at 866-934-1584 or visit [applevalleyrecyclingcenter.com](http://applevalleyrecyclingcenter.com).

We are conveniently located at 16608 Hunters Green Parkway, Hagerstown, MD (Exit 5B off Interstate 81).

## WHAT DOES THE APPLE VALLEY RECYCLING CENTER OFFER?

The Apple Valley Recycling Center is a state-of-the-art facility that processes single stream recycling - a collection system in which paper, cardboard, plastic, metal cans and more are collected together in one bin without the need to separate.

Single Stream recycling puts more of your discarded materials back into the world and less of it into the landfill.

**No sorting makes recycling quick and easy.**

Place all recyclables in one container, and let Apple Valley Recycling handle the rest!

## SINGLE STREAM FAQs

### How should recyclables be prepared?

Recyclables should be rinsed clean of any food waste. Corrugated cardboard boxes should be broken down into smaller pieces. Lids and caps can remain on empty bottles. There is no need to tie newspaper or cardboard with twine.

### What type of metal can be recycled?

Aluminum and tin cans are acceptable. Pots, pans, and scrap metal such as automotive parts, motors and appliances are NOT allowed.

### All of my recycling was thrown into a truck without separating it. Was the recycling treated as waste?

No. We have numerous operations that will separate the recycling in our state-of-the-art facilities. The truck will deliver the recyclables to one of these facilities. Once separated, they are sold and recycled.

### Can recyclables be put in clear plastic bags?

No. Plastic bags are not accepted in the Apple Valley Recycling program. Many grocery and retail stores offer plastic bag recycling.
